

INVITATION

Call for abstracts

Dear Colleagues,

As a valued partner in trauma care, we would like to inform you about the upcoming first Triennial Conference of the International Orthopedic Trauma Association (IOTA), which is being organized by the IOTA in collaboration with the Dutch Trauma Society (NVT).

Come and share your knowledge with trauma surgeons from around the world at this 1st International OTA (IOTA) Triennial Meeting, which will be held jointly with the annual International Dutch Trauma Conference December 2 – 4, 2020 in Amsterdam, the Capital of the Netherlands!

The IOTA Triennial Conference will be incorporated in a three-day International Trauma Conference conjoined with the annual Dutch Trauma Conference. This meeting will be held at the RAI Conference Center in Amsterdam, December 2 to 4, 2020.

Trauma surgeons and orthopedic trauma surgeons from all over the world will meet to exchange knowledge and facilitate international projects in trauma research and education.

We would be honored if you would visit and participate in this high value scientific meeting.

Oral presentations and posters

Abstracts submission, using the abstract form, will open January 13th, 2020

The **deadline** for all submissions is **April 1st, 2020**.

Submission Form: <http://abstractsubmission.nl/iota-traumadagen>

Presentations will be 8 minutes in length. Posters will be presented in a digital format.

There is not a separate submission form for posters. The program committee will determine the most suitable presentation method, either as an oral presentation or as a poster.

IMPORTANT NOTE: Complete author disclosure is required for all submissions.
